Permit is good from date issued to March 1 of the following year. After that date, the cache must be moved or removed and the new location re-permitted.

We request that you monitor this cache monthly and that you maintain it to be family friendly. This means the cache will not contain food, alcohol, firearms, drugs, and dangerous or adult items.

We also require that you direct people seeking your cache to follow established trails most of the way to your cache. We discourage off trail hiking as it negatively impacts the environment.
