**Optional supplies** (available in class, if you don't have them on hand)

Red and Green value tool

Reducing lens or door peephole

### **FABRIC:**

Choose two color families, such as blue, pink, green, purple or yellow. Any colors will work, so don't worry about "matching" the color families to each other. Bring 2-6 lights, 2-6 medium and 2-6 darks in each family. Make sure your fabrics are not busy prints. A fat quarter of each fabric is enough. You may bring more fabric (and more color families) if you wish.

(What is a busy print? Small calicos, prints that are white design printed on a dark colored background, prints that have lots of motion.)

(Karen's Serendipity graded fabric line will be available for purchase in class.)
