Controlled hunt lottery winners are required to pass a proficiency test and meet additional requirements prior to receiving a permit. Each permit assigns a hunter a specific stand and minimum two-week period during which he/she may participate during Ohio archery deer season. Hunters must follow hunting guidelines established by the Ohio Division of Wildlife and Lake Metroparks.

### Please complete your proficiency test as soon as possible.

The proficiency test may be taken at either Great Lakes Outdoor Supply (6595 N. Ridge Rd., Madison, 440-428-0313) or Gander Mountain (9620 Diamond Centre Dr., Mentor, 440-639-8545). Each participant is responsible for scheduling his/her own test; store staff will administer the test, determine whether a participant has successfully passed and provide results to both the participant and Lake Metroparks. **You may turn in your passed proficiency test at the meeting Sunday.**

Participant must demonstrate skill proficiency using his/her own equipment. Four out of five shots OR eight out of ten shots must land into 7.5" target at 12 yards. No practice shots permitted prior to test; maximum of ten shots permitted per test. One "fail to qualify" permitted per season (test may be retaken one time).
