

# a big THANK YOU

The maintenance, development and production of Farmpark takes a great deal of support from Lake Metroparks, its staff and volunteers. Also important are the many donations, sponsorships, memberships and materials that have been graciously offered in support of the Farmpark program.

We would like to take a moment to recognize specific supporters of Farmpark over the past year through donations to the Lake Parks Foundation's Farmpark fund.

We also thank the many sustaining, contributing, family and individual members and the small cash and in-kind donations that help at Farmpark. We also thank the many groups and individual volunteers who help make events and daily programs enjoyable for all visitors.
