

# CHILDREN, WILDLIFE

and a better future for all

This past year, the Wildlife Center staff had the pleasure and privilege of visiting school classrooms, assembly programs, youth groups and community organizations.

Program highlights often include a visit from one of the Wildlife Center's education animals; an owl, a hawk, an opossum or maybe a snake.

These Wildlife Ambassadors help us talk about the value of conservation and how we can better care about the amazing animals found in our own backyards.

**We look forward to seeing you in 2010!**
