

Come to the parks...or we'll come to you!

Lake Metroparks offers a wide variety of programs designed to meet scout recognition requirements for girls and boys of all ages. Hands-on learning adventures focus on animals, arts/science, nature and outdoor skills. All programs are led by professional staff and most are available year-round. Many programs can be brought to a park closer to you or be adapted for your meeting place. Each program is designed to fulfill badge requirements for a particular scouting level. However, many programs can be adapted to other levels.
