

GREENWAY CORRIDOR HISTORY

The Lake Metroparks Greenway Corridor is a 4.8 mile linear facility utilizing the Baltimore and Ohio Railroad right-of-way built in 1871. Blending urban and rural communities through lush and natural woodlands, this trail corridor connects the municipalities of Painesville, Painesville Township and Concord Township. The ten-foot wide paved path travels over varied elevations ranging from 660 ft. to 895 ft. The Greenway Corridor was funded through the Federal Intermodal Surface Transportation Efficiency Act (ISTEA). The Greenway Corridor was officially dedicated on October 28, 2001.

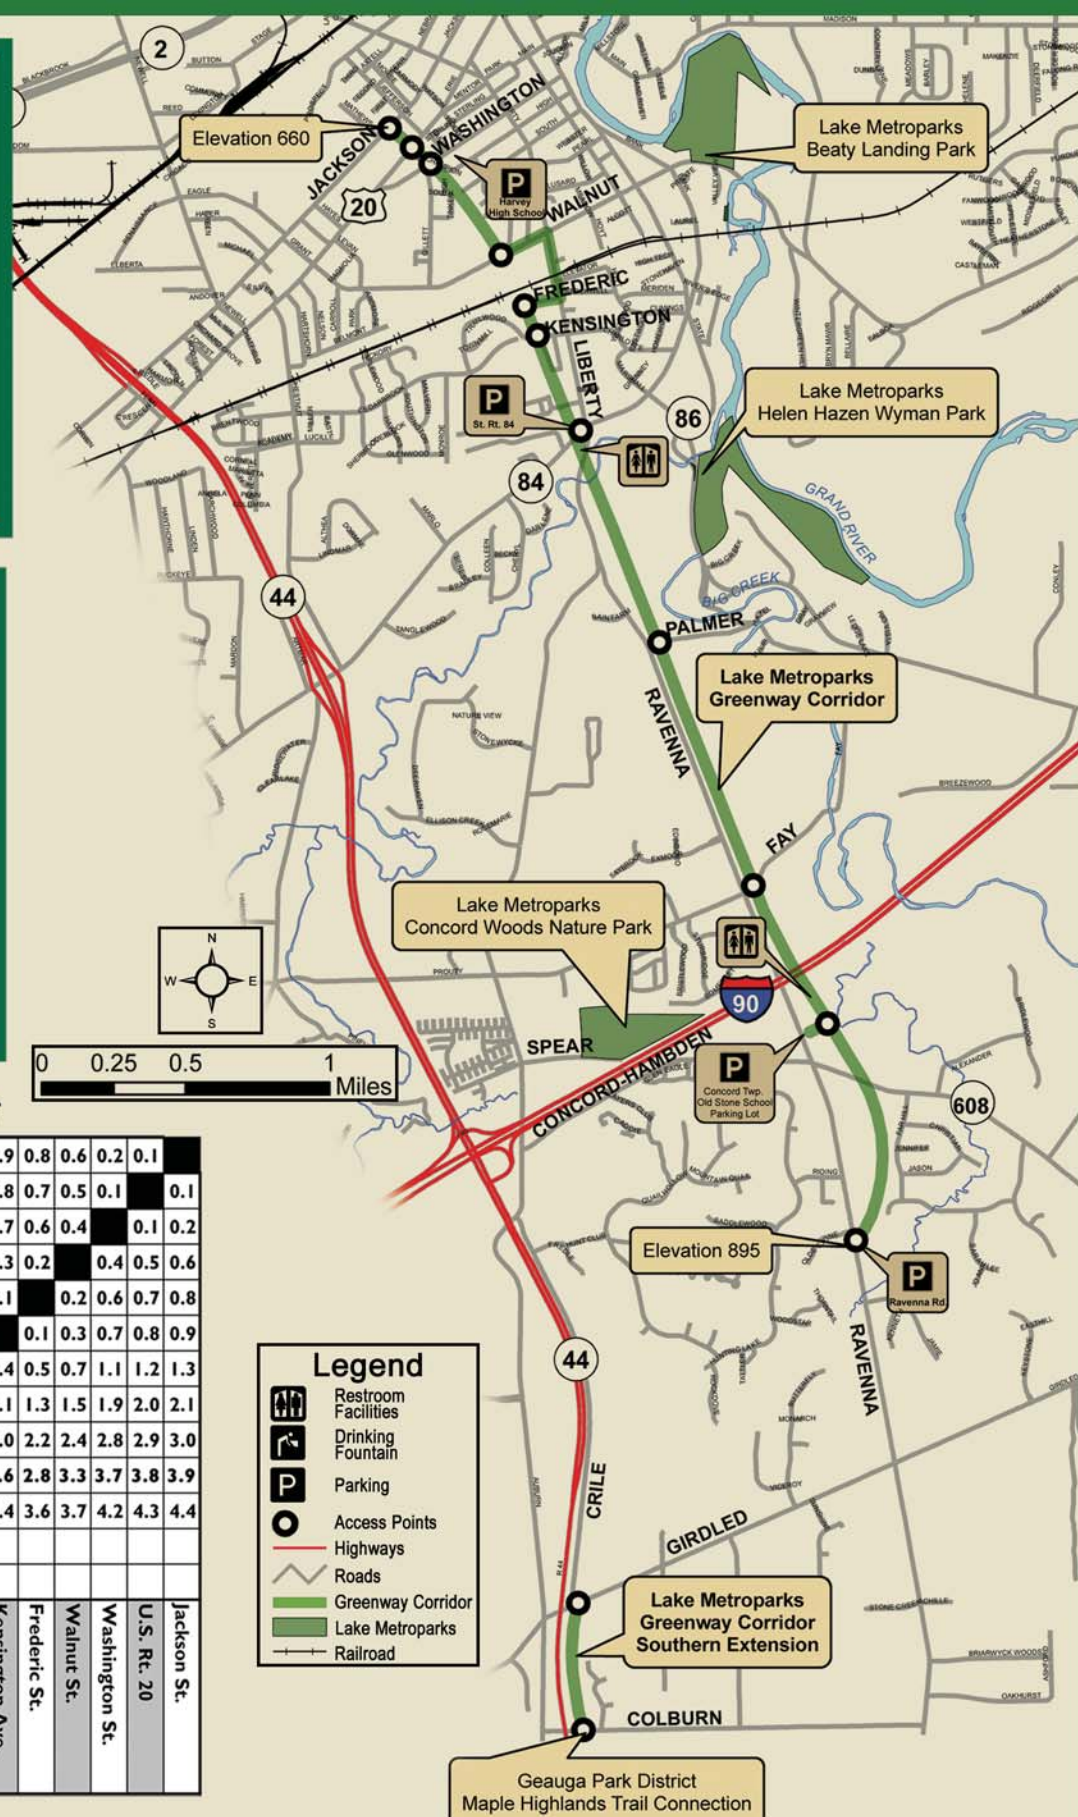

GREENWAY CORRIDOR ETIQUETTE

- Bicyclists should obey the same traffic regulations as motor vehicles.
- Bicyclists should ride in a controlled, responsible manner at all times.
- Pedestrians always have the right of way.
- Bicyclists should ride as near to the right side as practical.
- Bicyclists must not ride more than two abreast in a single lane.
- Bicyclists must have a permanent seat and carry no more persons than the number for which they are designed and equipped.
- Bicyclists should always indicate their intention to turn, move to the left or right or stop. This is done by using hand and arm signals.
- Bicyclists must audibly signal before passing and pass on the left.
- Bikes must be equipped with a bell or device capable of giving a signal audible at least one hundred feet away. Whistles or sirens are not acceptable.
- Mutt-Mitts will be available at various locations along the corridor.
- Cleaning up after animals is the responsibility of the owner.
