

Farmpark Activities

Meet the breed: Learn about different breeds of animals and their roles on the farm. Check locations and times to meet either the dairy cows or horses.

Barnyard: Sheep, pigs, cows—oh my! Take a self-guided tour of the barnyard and see how many different animals you can spot.

Well-Bred Shed: Come see the renovations while you visit with some of the farm animals, including sheep, goats, chickens, and rabbits.

Horse care: Learn about various aspects of horse care and companionship. May include grooming, lunging, medical care, and more.

Harnessing demonstration: Learn about all the pieces and parts of harnessing equipment and see the steps involved in harnessing and/or unharnessing horses.

Riding demonstration: Learn about the basics of horseback riding while watching a horse in action. May include western or English riding in a variety of exercises.

Plant Science Center: Tour the outdoor gardens or step inside and visit the hydroponic greenhouse. Fresh produce is available for purchase.

Gift Shop: Pick up some Farmpark maple syrup and maple candy, Ertl tractors, home decor, plush animals and more! Pick up a bag of wool from Farmpark's sheep.
